One of the most pleasant excasions the people of Anderson have enjoyed during the holidays that have just closed was the pound party in Temperance Hall on Monday evening under the auspices of the Temperance Division. It was a success in every particular, and was participated in by a large number of both young and old. The little children of five and the grand parents of sixty years, and those of intermediate ages, were present, and every one seemed to enter into the pleasures of the occasion with a lively interest, and nuthing occurred during the evening to mar the pleasure of any one. The table was apread about 3 O'clock, and was laden with an abundance of delicacies of every describition. The election for the pretiest and most popular young ladies present resulted in favor of Miss Stark Beliotte for popularity and Miss Maggle Evans for beauty. The Evans Cornet Band was present and added much to the pleasure of the evening. The party broke up about 104 o'clock, everybody heing highly pleased with the evening a entertainment.

question—the currency or National finances.

These are facts, stubborn facts, and knowing them to be true and hurtful to the South, I believe we should break loose from this subordination to a minority, and for so saying I am by the Press of the State to be ruled out of public life.

Twice have I been honored by the people of the Third District with a seat in Congress. My only recompense has been a sleepless vigilance over their rights, and an untiring effort to gratify their wants. If the Press is an index of the popular will, all this is no adequate compensation for mistaken counsel. If so, be it so. No wall of dissatisfaction shall ever be heard from me. But one thing is very certain, the thumb screw of popular opinion shall never extort from me a remanciation of my convictions, settled and fixed in mind after mature reflection.

If an apology is need at for occupying so much of your time and space with a personal matter, you have it, cheerfully given, and with a promise that I will not trespass again except in self-defence.

Your obedient servant,

D. Wyart Aiken. THE controversy between Gen. Gary and Senator Humpton over the contest of 1976 is as ill-timed as it is unfortunate. The people know that we carried the State in that memorable canvacs, and are satisfied that it was done legitimately and properly. It is past, and we do not care to hear any more about it. In our opinion the subject ought not to have been re-opened, and now, as it has been revived, the next best thing for all of

This arrangement was consented to by the critical Anderson delevation, because Jan 1, 1880 25 1 our upper line fence will be to re-build next year if the law is not extended, and it was thought better to pay about four hundred dellais now and lave the fence forever provided for, than to pay one SCHOOL FOR YOUNG LADIES.
